### Quality preschool programs that develop the whole child through age-appropriate socioemotional and cognitive skill-building hold promise for significantly improving child outcomes. However, preschool programs tend to either be teacher-led and didactic, or else to lack academic content. One preschool model that involves both child-directed, freely chosen activity and academic content is Montessori.

Intelligent design (ID) is a pseudoscientific argument for the existence of God, presented by its proponents as "an evidence-based scientific theory about life's origins". Proponents claim that "certain features of the universe and of living things are best explained by an intelligent cause, not an undirected process such as natural selection." ID is a form of creationism that lacks empirical ...

Shareholders should be realistically allowed to directly select corporate director candidates via the SEC Shareholder Proposal procedure. The days of corporate paternalism should be ended. Corporate governance problems will only be cured when Shareholders can easily remove incompetent/corrupt Directors, i.e., vote them out of office.
