What is Narrative Therapy? A Definition. Narrative therapy is a form of therapy that aims to separate the individual from the problem, allowing the individual to externalize their issues rather than internalize them. It relies on the individual's own skills and sense of purpose to guide them through difficult times (Narrative Therapy, 2017).

19 Narrative Therapy Techniques, Interventions

Narrative therapy is a form of psychotherapy that seeks to help people identify their values and the skills and knowledge they have to live these values, so they can effectively confront whatever problems they face. The therapist seeks to help the person co-author a new narrative about themselves by investigating the history of those qualities. . Narrative therapy claims to be a social justice ...
